Manager of Environmental Planning

### Notice of Decision – Approval

Please be advised that on behalf of the Commissioner of the Department of Environmental Management, I have issued a decision regarding the enclosed matter. Pursuant to 326 IAC 2, this approval was effective immediately upon submittal of the application.

If you wish to challenge this decision, IC 4-21.5-3-7 requires that you file a petition for administrative review. This petition may include a request for stay of effectiveness and must be submitted to the Office of Environmental Adjudication, 100 North Senate Avenue, Government Center North, Room 1049, Indianapolis, IN 46204, **within fifteen (15) calendar days from the receipt of this notice**. The filing of a petition for administrative review is complete on the earliest of the following dates that apply to the filing:

- (1) the date the document is delivered to the Office of Environmental Adjudication (OEA);
- (2) the date of the postmark on the envelope containing the document, if the document is mailed to OEA by U.S. mail; or
- (3) The date on which the document is deposited with a private carrier, as shown by receipt issued by the carrier, if the document is sent to the OEA by private carrier.

The petition must include facts demonstrating that you are either the applicant, a person aggrieved or adversely affected by the decision or otherwise entitled to review by law. Please identify the permit, decision, or other order for which you seek review by permit number, name of the applicant, location, date of this notice and all of the following:

- (1) the name and address of the person making the request;
- (2) the interest of the person making the request;
- (3) identification of any persons represented by the person making the request;
- (4) the reasons, with particularity, for the request;
- (5) the issues, with particularity, proposed for considerations at any hearing; and
- (6) identification of the terms and conditions which, in the judgment of the person making the request, would be appropriate in the case in question to satisfy the requirements of the law governing documents of the type issued by the Commissioner.

If you have technical questions regarding the enclosed documents, please contact the Indianapolis Office of Environmental Services, Air Permits at (317) 327-2234.

Re: Administrative Amendment No. 097-21741-00300 to SSOA Permit No. S097-15554-00300

Dear Mr. Van Hise:

Clarian Health Partners was issued a Source Specific Operating Agreement (SSOA) on May 21, 2003, at which time the maximum capacity of boilers #1 and #2 was incorrectly stated. Corrected information was supplied to our office on November 18, 2004, and has been reviewed, stating that the boilers #1 and #2 each have a maximum capacity of 52.3 million Btu per hour (MMBtu/hr). The Source Specific Operating Agreement has been revised, and the change does not affect rule applicability. The revised Source Specific Operating Agreement is attached.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Monica Doyle, at (317) 327-2846.

Sincerely,

Felicia A. Robinson  
Manager of Environmental Planning

Re: Administrative Amendment No. 097-21741-00300 to SSOA Permit No. S097-15554-00300

Dear Mr. Van Hise:

Your application for a revision to your Source Specific Operation Agreement 097-15554-00300 was received on November 18, 2004, with additional information received on September 9, 2005, and has been reviewed. Based on the data submitted and the provisions in 326 IAC 2, it has been determined that your boilers #1 and #2, each with a maximum capacity of 52.3 million Btu per hour (MMBtu/hr), at a stationary general medical and surgical hospital located at 1701 North Senate Avenue, Indianapolis, Indiana 46207, has met the criteria required to obtain a Source Specific Operating Agreement.

Pursuant to IC 4-21.5-3-5(a) and (b), approval of this Source Specific Operating Agreement Amendment shall not be effective until fifteen (15) days from the date of this letter.

The facilities and processes of this source are hereby granted the Source Specific Operating Agreement provided that the following requirements of 326 IAC 2-9 are satisfied:

**Section A: External Combustion Operation: [326 IAC 2-9-13]**

1. The visible emissions from the external combustion unit shall not exceed twenty percent (20%) opacity in twenty-four (24) consecutive readings in a six (6) minute period. The opacity shall be determined using 40 CFR 60, Appendix A, Method 9.
2. The fuel usage for the units listed in this Source Specific Operating Agreement (SSOA) shall be limited to less than one thousand one hundred forty-two million cubic feet (1142 MMcf) of natural gas per year, based on a straight twelve (12) month total.
3. The source shall keep the following records from the external combustion unit:
  - (a) the hours operated for each external combustion unit approved under this Source Specific Operating Agreement (SSOA),
  - (b) records of the annual fuel usage for each external combustion unit approved under this SSOA, and
  - (c) records of all routine maintenance conducted on the external combustion units approved under this SSOA.

These records shall be kept for a minimum period of five (5) years, and made available upon request of the Office of Air Quality (OAQ).

**Section B: General Requirements: [326 IAC 2-9-1]**

1. The source shall provide an annual notice to the commissioner, stating that the source is in operation, and certifying that its operations are in compliance with the requirements of this Source Specific Operating Agreement. The above annual notice shall be submitted to:

**Compliance Data Section  
Office of Air Quality  
100 North Senate Avenue  
Indianapolis, IN 46204**

and

**Office of Environmental Services  
Air Quality Management Section, Compliance Data Group  
2700 South Belmont Avenue  
Indianapolis, Indiana 46221-2097**

no later than January 30 of each year, with the annual notice being submitted in the format attached.

2. Any exceedance of any requirement contained in this operating agreement shall be reported, in writing, within one (1) week of its occurrence. Said report shall include information on the actions taken to correct the exceedance, including measures to reduce emissions, in order to comply with the established limits. If an exceedance is the result of a malfunction, then the provisions of 326 IAC 1-6 apply.
3. Pursuant to 326 IAC 2-9-1(i), the owner or operator is hereby notified that this operating agreement does not relieve the permittee of the responsibility to comply with the provisions of any applicable federal, state, or local rules, or any New Source Performance Standards (NSPS), 40 CFR Part 60, or National Emission Standards for Hazardous Air Pollutants (NESHAP), 40 CFR Part 61.

Any change or modification which will alter operations in such a way that it will no longer comply with the applicable restrictions and conditions of this operating agreement, must obtain the appropriate approval from the Office of Air Quality (OAQ) under 326 IAC 2-5.1, 326 IAC 2-5.5, 326 IAC 2-6.1, 326 IAC 2-2, 326 IAC 2-3, 326 IAC 2-7, and 326 IAC 2-8, before such change may occur. If you have any questions on this matter, please contact Monica Doyle, at (317) 327-2846.

Sincerely,

Felicia A. Robinson  
Manager of Environmental Planning
